Tolga Mahlke leads atrain's APAC operations. Clients appreciate Tolga's pragmatic approach to organizational transformation, by working closely with boards and senior leadership to crystalize their organizational vision, translating this into strategy and breaking it down into actionable initiatives that enable agility within people and systems. Thus, allowing organizations to navigate and respond to the demands of the fast-paced business environment.

By living and working across Europe, Asia, and Africa, Tolga brings a global perspective and is able to quickly build strong relationships. Tolga's multicultural background and diverse experience as a business owner, global HR manager, trainer, facilitator and coach allows him to effectively support clients in reaching their goals and objectives.

Tolga is passionate in supporting individuals, teams, and organizations to unlock their fullest potential. By creating clarity, fostering individual and organizational confidence, and building a safe and fun environment, he creates the space for his clients to explore the unknown. Therefore, leading to a deeper understanding of what holds them back, unravelling those barriers and resulting in value added break-through solutions.

Premier global leadership development experts located in every major region of the world. We can provide in-person and virtual solutions in 25 languages, leveraging 120 trainers, facilitators and coaches. Learn more at scitrain.com
